BRIEF HIGHLIGHTS FROM THE TARVIN PARISH COUNCIL MEETING HELD ON MONDAY 28th SEPTEMBER 2026.

NEIGHBOURHOOD PLAN WORKING GROUP

The working group are progressing with the research necessary to form the basis of our updated Neighbourhood Plan. Letters have been sent to all landowners identified in the 'Northern Growth' and 'Eastern Growth' areas as identified in the recent community-wide survey. Other research will cover needs in the areas of Landscape and Environment, Leisure, Transport, Parking, Economic Development, Heath Provision and Education. It is hoped that a draft plan ready for comment by residents will be substantially complete by the end of 2026.

Please refer to the parish council's website for more information.

PUBLIC FOOTPATH "KISSING GATES"

A councillor working group is making good progress working with the Cheshire West and Chester Footpaths Officer and two local landowners to replace existing stiles on Tarvin public footpaths 15, 17 & 18 with kissing gates, which are much easier for walkers to negotiate.

COMMUNITY LITTER PICK

The parish council has organised another litter pick in Tarvin and Oscroft, taking place on Saturday 17th October at 9:30am. We had an excellent turnout at the last event in April and hope for the same support for a couple of hours on this occasion. Please congregate at the Tarvin Community Centre or The Green at Oscroft. Bags and pickers will be provided.

VILLAGE CHRISTMAS TREES

The parish council will once again be organising the erection of Christmas trees on the High Street and Church Street on Sunday November 22nd in good time prior to the street festivities on the 28th.
